

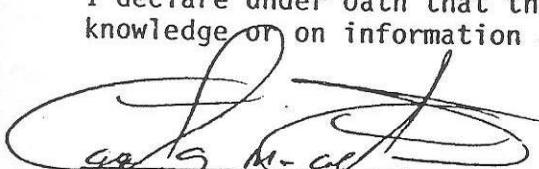

EXHIBIT II

Supplimentary Affadavit in Support of Motion to Strike Examiner's Report #2 as a Sham and Deceit upon this Court

Carlos Caetano after being sworn depose and says that:

- 1) I am an employee of Cumberland Investment Corporation.
- 2) I worked with my father, Carlos Caetano Sr., who owned a coin store, for over 10 years.
- 3) I am currently working for Cumberland Coin at 325 Main Street, Woonsocket.
- 4) On several occassions my duties included going to Eastland Bank.
- 5) On one occassion, on March 22, at the end of the day, my duties were to count coins with a bank representative, Jeff Washington, at the end of the day we were 160 coins short.
- 6) Neither Jeff nor I knew what to do. So we double checked the count and were still short. So we placed all the coins back into the vault.
- 7) I am informed and believe that Jeff Washington called Mr. Chorney around 5:00 saying the coins were found in Box 12.
- 8) I have no personal knowledge of any coins being placed in Box 12. I felt really uncomfortable knowing so many coins were missing and felt strange about 160 coins being in another box because I was there almost every day at closing while the coins were being flipped and counted.

I declare under oath that the statements in 1-8 are based upon my personal knowledge or on information and belief which I believe to be true.

Carlos Caetano
