Dear Hal,

Per your request I have listed below additional tasks that the examiner has requested I initiate on Friday June 1st, 1990 while I have access to the Debtor's inventory for purposes of sampling "redemption" coins, see enclosed court order:

- A numerical count of all silver dollars in Debtor's inventory.
- Making notes of other inventory contents, other than silver dollars.
- Take pictures of inventory as is.
- Reseal inventory when finished and include in sealed area all inventory, including items that were not previously sealed.

Sincerely yours,
